

Jamf School Student

Jamf School Student gives students with the tools to enhance their educational experience.

[Zitat von JAMF Software](#)

Using the intuitive interface, students can install pre-approved apps, iBooks, and documents on their device and ask their teachers questions with Messages. Jamf School Student also empowers students by allowing them to perform simple management tasks like update apps, iOS, and more.

Key features:

- Install pre-approved apps, iBooks, and documents
- Ask teachers questions with Messages
- Allow students to update apps, iOS, and more.
